FREQUENTLY ASKED QUESTIONS

What is the Four Rooms Mastermind Hotel Discounted Rate? ^

To ensure you get the best rates, we have negotiated a special group discount for all Four Rooms family. Please use this link: <https://www.hyatt.com/en-US/group-booking/AUSLP/G-7TMM>

Will this be like every other mastermind? Same people? Same format? ^

Far from it! We've specifically designed the Four Rooms Mastermind to be like no other Mastermind out there. From flying in world renowned experts to resolve longstanding problems in YOUR business to hand matching you with other entrepreneurs that'll make an immediate difference to your bottom line, this format will change how you look as masterminds forever.

When it comes to the members, we have gone to an even greater extent to curate a phenomenal lineup of top tier influencers. For anyone that claims "we already know all of the members, why should I pay to hang out with people I already know?" I say, you are one extremely well connected person and we should all definitely hang out sometime because we are bringing people in from all over the world that and there WILL be new faces you don't know yet. I promise.

We've spent the last decade connecting with some of the best (and albeit worst) entrepreneurs in the industry and have taken pride in our ability to vet and bring together only the most elite. We only want the best and recruit only those that will bring the most value. We cannot guarantee that you won't see a familiar face or two at our events, but we can assure you that each Four Rooms Mastermind member is an extreme expert in their own field and very likely will be your next biggest JV partner.

Can I bring a business partner or spouse? Do they have to pay full price too? ^

Of course you can bring a business partner or spouse! And no, they will not have to pay full price. One additional seat can be added at 50% off from the first ticket price on the checkout page.

We want them to enjoy all the perks of the event but also at a price that makes the most sense based on their attendance.

Can my spouse/partner join me for the non-business related activities? ^

You are more than welcome to bring your significant other to the event! Please do, we love meeting your loved ones!

If you want to do that, let us know, and we will give you a link to purchase for 50% off your ticket price.

Your significant other will NOT be allowed to attend any Four Rooms activities, business related or not, without purchasing an additional ticket. We have to pay for every single person regardless of what parts they are attending, and Four Rooms Mastermind is not available to cover that cost for you (as much as we would love to!).

So bring them at a super discounted rate, and let's have a ton of fun together!!!

What should I bring? ^

Since you're going to be living the life at one of Austin's world-class hotels, you won't need to bring much. But here's what we recommend to make your event and stay the best yet:

- Best note-taking device (computer preferred, wifi available)
- Thumb drive (with the funnels & materials that you want to go over at the event)
- Casual attire (dress for comfort and coolweather) + attire for our themed dinner & events. Details in event preparations email
- Sun glasses and/or a hat – we will take full advantage of multiple open air spaces
